

# ALICE IN THE WONDERLAND OF REAL-TIME SIMULATION

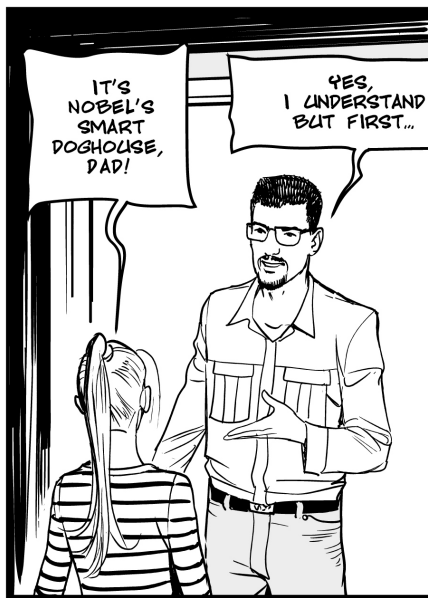

ART: THIERRY LABROSSE

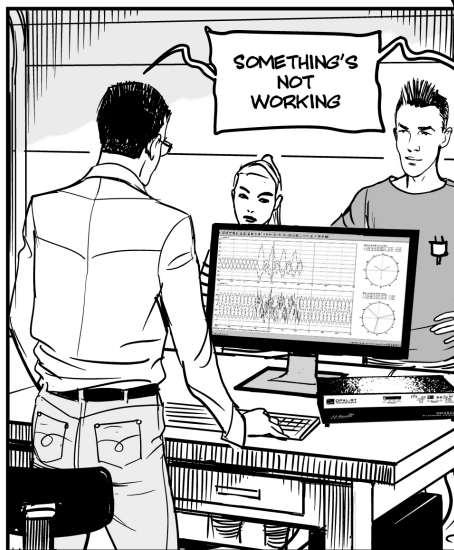

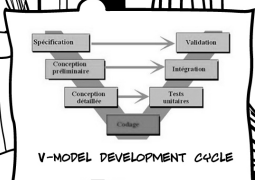

IT'S NOBEL'S SMART DOGHOUSE, DAD!

YES, I UNDERSTAND BUT FIRST...

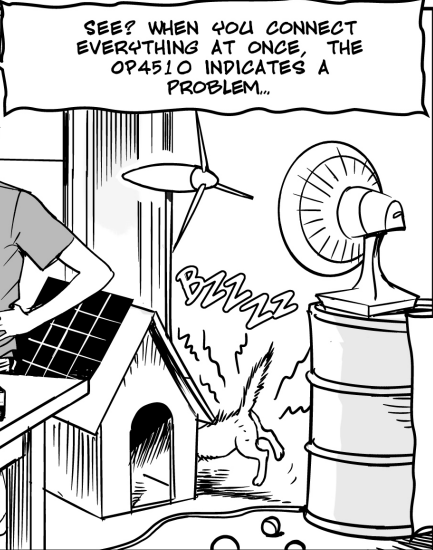

...IT'S IMPORTANT TO FOLLOW THE STEPS FOR ANY PROJECT, KIDS. FIRST, IDENTIFY YOUR NEEDS, THEN WRITE A LIST OF YOUR REQUIREMENTS SO YOU CAN CHECK THEM AT THE END OF THE PROJECT, THEN...

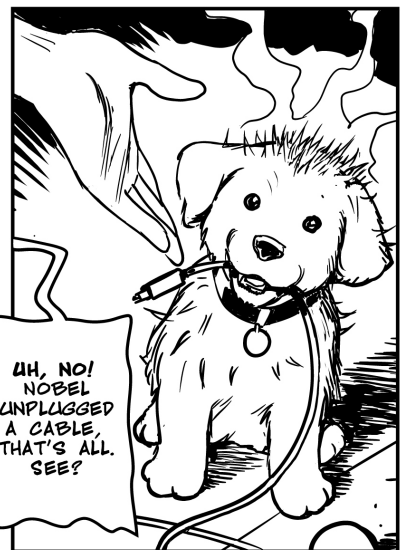

BLA BLA BLA BLA...

SOMETHING'S NOT WORKING

SEE? WHEN YOU CONNECT EVERYTHING AT ONCE, THE OP4510 INDICATES A PROBLEM...

UH, NO! NOBEL UNPLUGGED A CABLE, THAT'S ALL. SEE?

EVERYTHING IS PLUGGED IN!

LET'S GO!

EUREKA! EVERYTHING WORKS!

A COUPLE DAYS LATER...

LOOK AT THAT SHOWOFF. WHERE DID HE GET THAT THING?

EMAGAZONE.STORE!

HI NOBEL, WE'VE ARRIVED AT OUR DESTINATION... AND I SEE YOU'RE ENJOYING YOUR VACATION TOO!

THE END
